“water HQ: Launching an Industry Platform”

Deep in the Water Community Since 1977

For more than four decades **Arab Water World (AWW)** has been serving the Water, Wastewater, Desalination & Energy sectors in the MENA region & beyond, striving to provide a central platform to its readers, subscribers & clients through which cutting-edge high-quality news, information and data pertaining to construction industry is presented.

headquarters (HQ) *Collins Dictionary*
plural noun [with sing. or pl. v.]

1. the main office, or center of operations and control, of anyone in command.
2. the main office or center of control in any organization

Starting January 2018 issue, in order to reflect better our magazine's mission as well as its global reach which is not limited to the Arab / MENA region, its name will change to "water HQ".

waterHQ will continue to be the focal point where industry professionals meet their needs. waterHQ will be published monthly and will provide news, analysis, concepts and trends, product reviews & interviews with leading players in the water industry bringing its readers in-depth insights and information. As the leading B2B water magazine, waterHQ is the vital link between international manufacturers, producers, exporters & agents / resellers in the B2B industry and is your ideal partner whether you wish to gain accurate and up-to-date insight on the water industry or whether you wish to gain maximum exposure to your company's products and services.

Major water companies & manufacturers trust waterHQ as their promotional platform of choice to have maximum exposure for their products & services and increase their market share. waterHQ also enjoys a close partnership with leading water-related event organizers worldwide where it holds the status of official, regional or supporting magazine in major events where bonus copies are distributed to exhibitors, visitors and conference attendees.

“Testimonials”

Wissam Minkara
Mechanical Engineer, Export Manager |
Layne Bowler Pompa Sanayi A.S

Great management, editors and sales team; we, as Layne Bowler, are really proud of what you are doing; from the magazine design to the interesting news and subjects, you are rising in every issue as well as your marketing activities. Our 25 years of cooperation and the advertising campaigns we are renewing every year are the best proof of our satisfaction

Maher Aghasi
CEO/President |
Pure Aqua, Inc.

Pure Aqua, Inc. has been advertising with Arab Water World (AWW) magazine since 2005. AWW has done a great job informing its target audience of the current issues facing the water treatment industry. It's a great way for us to inform readers of how Pure Aqua helps its customers achieve their water treatment needs. Thank you for partnering with us!

Ilaria Favella
Marketing Manager |
Saer Elettropompe

SAER Elettropompe is a genuine Italian manufacturer of pumping solutions for water treatment. We are happy with the quality and contents of the magazine. It is very informative of important businesses and helps to increase our target reach across the MENA region. We have been cooperating with AWW for many years and through its network, it assists SAER in extending the products' reach in the region.

Mr. Aktan Temiz
Vice President | COO VANSAN

VANSAN is a leading supplier of pumps and pump systems used in a variety of markets and applications throughout the world. Our pumps and motors are known for consistent, quality manufacturing and performance. We have been in cooperation with Arab Water World for the past years and we hereby state that it's a great pleasure to have the opportunity to recommend AWW which consistently provides improvement and development to business partners and clients with its extensive database and up to date portfolio.

Water Industry

MENA

01

Nations in the Gulf consume an average of 816 cubic meters of water per person per year, which is 65% more than the world average, according to a report by Frost & Sullivan.

02

The GCC has nearly USD42 billion worth of water and wastewater projects and about USD17 billion worth of desalination plant projects in the next 10 years.

03

GCC countries will aim to lower current loss between 13% & 35% from non-revenue water (NRW) (water "lost" before reaching customer) in order to strengthen water security.

04

Tariff hikes on water use can spur R&D and commercialization of smart meters and smart water grids and put pressure on desalination water plants to reduce energy consumption.

05

The region is dealing with demand by deploying thermal desalination, reverse osmosis (RO) membrane desalination, and solar-powered desalination

Global

01

Global water and waste water treatment market by chemicals and equipment is anticipated to grow to USD138 billion by 2022, according to Research and Markets.

02

It is expected to be mainly driven by environmental impact, increasing population coupled, aging infrastructure and climatic concerns which will act as key drivers for the growth of this market.

03

Chemical segment accounted for a 30% share in global water and waste water treatment market by chemicals and equipment in 2015

04

Municipal segment holds a major share in terms of market value and volume in 2016 among both the municipal and industrial application types.

05

Asia Pacific region dominated the global water and waste water treatment market by chemicals and equipment in 2015 accounting for 35.14% of the global water and waste water treatment market.
